THE BILLION-SOUL DREAM

During my years with Reinhard Bonnke, I witnessed how certain truths became recurring themes, echoing through his life and ministry. These weren't lofty abstractions but living paradigms – anchors for his faith and lenses through which he viewed the world. Among the most profound was **the importance of faith and action**, which he often illustrated with the story of Israel's conquest of Canaan.

In Joshua 1, God Himself outlined the borders of the Promised Land with precision: from the wilderness in the south to Lebanon's heights in the north, from the Euphrates in the east to the Mediterranean's western shore. Yet, as Reinhard frequently pointed out, Israel never fully claimed the inheritance God had given them. The promise stretched far beyond what they ever possessed – a territory encompassing parts of modern-day Egypt, Syria, Saudi Arabia, and Jordan.

Reinhard once wrote, "God's promises are elastic. They have a minimum and a maximum. You must press into the promise, and it will expand. Don't get stuck halfway. Press to possess in the name of Jesus."

As we approached the 50th Anniversary of Christ for all Nations, those words resonated deeply in my heart. Half a century of ministry stretched behind us like a long, winding road, while the faithfulness of God towered above us like an enduring monument. And yet, the full realization of what God had promised – a continent washed in the blood of Jesus from Cape Town to Cairo – remained incomplete.

Reinhard often spoke of a generation of Spirit-filled evangelists who would follow him.

The Lord had shown him salvation sweeping across North Africa and into China. He named his ministry "Christ for all Nations" because the boundaries of God's promise extended to the ends of the earth. Though Reinhard is now with the Lord, the dreams God gave him live on.

This year, we sensed the Lord's call to "press into the promise" with bold, audacious faith. With prayerful hearts – and no small measure of fear and trembling – we embarked on a journey we could scarcely have imagined a few years ago. It was humanly impossible without divine intervention: not six or seven crusades in a year, as we had done in the past, but 50 crusades in a single year!

To be clear, **I'm not talking about 50 meetings or nights of ministry, but 50 full-scale Gospel crusades – each spanning four or five nights.**

That's 215 nights of mass evangelism in one year! This was more than an initiative; it was a bold declaration – an Elisha moment, striking the Jordan with Elijah's mantle and watching God part the waters. **We began in Cape Town, South Africa, and ended in Cairo, Egypt.** By December 6th, Christ for all Nations' official anniversary, the 50th crusade was complete.

Now, the next 50 years has begun. By the end of 2025, I am confident we will cross the historic milestone of **100 million documented decisions for Christ** in the ministry's history. But we are looking far beyond that threshold to a dream prophesied for decades: **a billion-soul harvest.** There was a time when I dismissed that number as grandiose. Not anymore. Since 2020, we've trained over 5,000 evangelists, with plans to train more than 20,000 by the decade's end. Imagine: if each of these evangelists leads 500 people to Christ every month, that's 100 million souls each year. Multiply that over a decade, and the billion-soul dream becomes not only possible but practical.

In his magnum opus, *Evangelism by Fire*, Reinhard Bonnke wrote: "Joshua's secret of success was that he was hungry for God's maximum. The boundaries described above have their own secret – they are expandable, encompassing anywhere from 135,000 to 1,000,000 square miles. When God said, 'the river Euphrates,' its geographical position meant that Israel could extend to any point on the river – the border was expandable. It allowed for **ever-increasing faith and ever-enlarging vision.** God had given an elastic band promise with a built-in elasticity that could satisfy even the spiritually boldest. Joshua's attitude was one of a man of faith."

May we, as a movement and as a family, press into God's promises with the boldness of Joshua's generation. Let us trust Him for even greater things in the next 50 years – or until Jesus returns.

Yours in the Gospel,

Daniel Kolenda

CAMPAIGNS IN 2024

In 2024, we celebrated 50 years of Christ for all Nations ministry – our Golden Anniversary – and what an amazing year it was! We've documented over 97 million decisions for Christ so far, and that number will easily pass the 100-million mark by the end of 2025.

50th Anniversary Launch

In February, CfaN's 50th Anniversary year was launched with a partner banquet and celebration service in Cape Town, South Africa. This location holds great significance for us because of Evangelist Reinhard Bonnke's prophetic statement: **"From Cape Town to Cairo, Africa shall be saved!"** South Africa is also the nation where Christ for all Nations was founded in 1974.

In attendance were over 40 CfaN-trained evangelists who converged on Cape Town for three weeks of **"Gospel Invasion"**. They preached the Gospel out on the streets, in the markets and malls and in red-light districts, visited many schools and saw thousands of young people giving their lives to Jesus. The Gospel Invasion culminated in the first Gospel Crusade of the year in Valhalla Park, the very area where CfaN's Big Tent was erected in 1984!

7 Mass Crusades in 5 weeks
February 5 - March 10

408,504

documented decisions
for Jesus

Our team was welcomed
with great joy.

Evangelists in action on one of our Gospel Trucks.
179,539 people gave their lives to Jesus before
the crusades began!

CfaN's vision for 2024 was to conduct 50 Mass Crusades in one year by our 50th birthday in December. We started the year with 90 million documented decisions since we started counting in 1987.

That vision was off to a great start with the first four crusades in and around the city of Aba in Abia State, Nigeria. Two weeks before the campaigns, groups of CfaN-trained evangelists were already on the ground conducting a Gospel Invasion in the whole region. When they were done, **the Gospel Invasion teams had recorded 179,539 salvations!**

NGWA HIGH

February 21 - 25

This is the same site where Evangelist Reinhard Bonnke and our team held a campaign back in 2007. Now we were back to see a whole new generation experience the power of the Gospel, and a new generation of evangelists came with Evangelist Kolenda. Evangelists David Rotärmel and Rob Enge were stationed here and preached the pure Gospel with signs following. We witnessed many wonderful miracles.

One of the most amazing miracles we heard was from a gentleman named Francis. He said that due to an accident, he was not only deaf in his left ear, he was also blind in his left eye for 7 years. Both his hearing and sight were tested on stage.

Blessing from Igbo State had a baby in her womb in the wrong position. She was told by her doctors that the baby would not be able to grow properly. During the prayer for the sick on the first night and the whole night after, Blessing felt strong pain and movement in her womb. The next day, the doctor confirmed that the baby had moved into the right position. While testifying on the stage, she felt the baby kick strongly in the womb, rejoicing with us at God's miracle power at work.

Not even giant swarms of bugs on Night Three could stop Evangelist Macoby from preaching the Gospel!

OGBOR HILL February 21 - 25

The people in Ogbor Hill had never had a Mass Crusade in their area. They told us “There has never been a crusade here for us. Finally, it is our time!” There was a tremendous hunger. Tears flowed freely and there was a wholehearted response to the Gospel. Evangelist Kolenda preached at both campaign sites, and when he was at Ngwa High, it was Evangelists Macoby Donaldson and Rob Enge who cast the net at Ogbor Hill and saw many thousands respond, night after night.

Break it down, pack it up – and do it all again!

Ngwa High and Ogbor Hill were just the first two campaigns in the first week. Immediately after that, our technical team faced the massive challenge of having to take two full stages and all their equipment down, pack them up, transport them to new locations and then set it all up again. And all in only three days!

An 8-year-old boy named Splendor received complete restoration of sight in his left eye. One of the Bootcamp graduates serving with us went into the crowd during the prayer and after praying for him, the boy and his mother testified that he could see! His mother kept shouting, “Splendor can see! Splendor can see!”

UMUAHIA

February 29 - March 3

Evangelists Bradley Fisher and David Rotärmel were stationed here, a place where Reinhard Bonnke preached a generation ago.

As Evangelist Kolenda was praying for the sick, he received a word of knowledge that there was a pregnant woman on the field whose baby was no longer moving. He declared that life would come into that baby's body, even if it was dead, and it would start moving and kicking. Suddenly, there was

a woman standing before him with a testimony. He asked what had happened to her. She said, "I am the pregnant woman you were talking about." She looked to be 4 or 5 months pregnant. She said she had been experiencing a lot of pain in her womb and there was no movement. She could tell

something was very wrong. **As Evangelist Kolenda was praying, she said all the pain left and the baby started moving!** He asked her how long it had been since she'd felt it move and she said "Never!" The people were shouting and rejoicing.

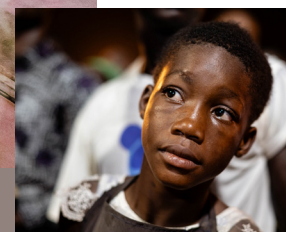

Evangelist Bradley Fisher – a Bootcamp graduate and one of Evangelist Kolenda's assistants – preaching a salvation message at a mass campaign for the first time.

Evangelist Fisher shared, "My favorite healing testimony was from a lady named Blessing. She had glaucoma and was unable to see clearly for about 20 years. One of the first things I prayed for was for blind eyes to open and that very moment, her eyes completely cleared."

Confidence was playing football in primary school when she broke her leg. She told us that for 10 years she could not bend her legs, lift them or dance. When the prayer happened, she was completely healed. She danced on stage with Evangelist Lukas Repert!

The Governor of Abia State addressed the crowd and Evangelist Kolenda prayed for him.

UGWUNAGBO (ABA SOUTH)

February 29 - March 3

Caroline Christine came to the field almost unable to walk because she could not stand upright and only could walk bent over almost 90 degrees. She was in that condition for 18 months. During the prayer she was able to stand completely upright and walk properly.

On the second night, the Governor of Abia State attended the meeting in Aba South. He addressed the people, and we learned many interesting details about the significance of our visit. For one thing, the field on which we were meeting was a notoriously dangerous place. This was the very field we chose for our crusade. Our team cleared the jungle.

The road running past it, which was broken down and impassable for something like 30 years, was rebuilt, and now this place known for darkness and danger has become a lighthouse where the Gospel is shining brightly!

TAKING ACTION!

THESE BOOTCAMP STUDENTS SAW A COMBINED:

121,249 DECISIONS FOR CHRIST!

In the Spring of 2024, Christ for all Nations successfully completed the 6th Evangelism Bootcamp! Each Bootcamp, the CfaN Campus is filled with people from all over the world who are taking a major step of faith to relocate to Orlando to be trained, equipped, and deployed in response to the divine calling that God has placed on their lives, specifically to be a mass crusade evangelist. The team here at Christ for All Nations has been blown away by the results of each class.

The mentorship and impartation they receive while in the Bootcamp from Evangelist Daniel Kolenda and Evangelist Levi Lutz, along with the Bootcamp team and our guest instructors is well invested and often becomes evident almost immediately upon graduation.

The students who fully complete the training and graduate often go on to conduct their own crusades and international evangelistic outreaches only weeks after graduation. This results in tens of thousands of salvations weekly worldwide! This elite army of evangelists live on the cutting edge of the great end-time harvest.

The next Evangelism Bootcamp will not take place until 2026, but will be our most intense and advanced evangelism training ever, as many new classes and training elements will be added. We are halfway through the “Decade of Double Harvest,” but we are not slowing down or resting on our laurels.

We will finish stronger than we began, train more elite evangelists, and reach more souls with the Gospel of Jesus Christ in the second half than the first. The Lamb that was slain is worthy to receive the full reward for His suffering!

— CHRIST FOR ALL NATIONS —
**EVANGELISM
BOOTCAMP**

Maybe you are reading this and have a burning desire to make your life count for eternity and bring millions to Christ via mass crusade ministry. Then take ACTION! Join this rapidly growing army of evangelists and take your place in the harvest!

19 Mass Crusades
June & July

REDEMPTION AND REVIVAL IN UGANDA

Ruth's baby had a fracture during delivery, with a bone protruding from the baby's backbone. Three days after birth, she returned to the hospital, but they couldn't help. At the crusade, the Lord completely healed her baby.

During June and July, CfaN and CfaN-affiliated evangelists conducted 19 mass crusades in the East African nation of Uganda. This report is about the first 7 main events, which were followed by another 12 campaigns in the weeks after.

Week One

From June 12th - 16th, CfaN conducted three crusades in the cities of **Hoima, Busia and Lira**. Each crusade was five nights long. In each location, CfaN-trained evangelists were stationed for the whole campaign. Evangelist Daniel Kolenda traveled during the day, preaching at a different location each night and encouraging the local teams there.

#9

HOIMA **June 12 - 16**

Confronting Strongholds

Hoima is the capital city of Bunyoro Region, West Uganda. This place is known for witchcraft and deep occult darkness. Just one hour away in Kagadi, there

is a famous cult led by a man who claims to be God. In January of this year, one week before the CfaN team started preparations, the cult came to Hoima and had a “crusade” on the same field where we were preaching the Gospel. They claimed Hoima for their cult, performing witchcraft on each corner of the city. Evangelist Daniel

Kolenda directly confronted this (and other) demonic strongholds in the region. He declared the Lordship of Jesus over this land and the people responded with unbridled enthusiasm. It felt like the ground was shaking under their shouts of joy!

LIRA June 12 - 16

Calling on the Name of Jesus

Evangelist Randy Roberts, who also preached in Hoima, shared:

At least 25-35 percent of the population of the entire city was at the field. Just imagine if that happened in your town! As we drove through the crowded streets to leave the field, my driver, James, said "It is so good to see this field being used for Jesus and not the devil." He said, "My whole life, people have been afraid of Hoima because of all of the witchcraft that is here, but now Hoima is going to be known for a different reason! We are going to be known as the place God visited and changed forever!"

Evangelist Daniel Kolenda preached in Lira on the second night of the crusade. He said, "It's hard to express the joy I feel in my heart as each night I pull up to a new field where a crusade is ongoing, and I'm greeted by the dozens of CfaN team members serving there, many of whom I have not seen for months. Technicians, organizers, preachers – most of them CfaN Bootcamp Graduates, all carry the same heart for the lost and the same DNA of crusade evangelism. **There are now five generations of these grads, several of whom have literally spent years on the field since graduating!** I think they are the best and most experienced crusade team in the world at this point and they all feel like family to me. What a joy!"

Evangelist Daniel Smenes was stationed in Lira for the entire crusade and wrote:

I came up on the platform to be greeted by a massive crowd from the city of Lira, dancing so wildly that dust erupted like incense to God all over the field. When I gave the altar call, hands went up all over the field and my heart swelled as I heard them call on the name of Jesus.

Guest Evangelists Rachel & Alejandro Escobar, Randy Roberts alongside Evg. Daniel Kolenda.

BUSIA

June 12 - 16

Hunger and Gratitude

Evangelists Joe Turnbull and Brady Liette ministered in Busia.

From Hoima, Evangelist Kolenda flew to the city of Busia. This is a small place, relatively speaking, and the crusade was literally in the middle of town. Evangelist Kolenda could walk to the field from his hotel. He said, "It reminds me of something out of an old western movie. I think there has never been a crusade – or any event of this size – in this place ever. This is the kind of place we could never have gone to in the past when we were only doing six or seven crusades per year. We would have had to stay close to the major population centers in the nation, which are few. But now many more options are available to us." He continued,

"There is a kind of hunger and gratitude that you find in a small place like this that is totally refreshing. I preached about the power in the blood of Jesus and the people responded enthusiastically. And then, after the altar call, in all three cities where crusades were happening, we burned witchcraft and occult paraphernalia."

Week Two

In the second week of meetings, CfaN held four more Mass Crusades in **Kampala, Gulu, Iganga and Mbale.**

Evangelist Levi Lutz shared that this woman brought medical documentation to the field and testified with documented proof that she had been HIV positive. After attending the meeting, she retested the following morning and was now HIV negative!

KAMPALA June 19 - 23

#12

Spiritual Warfare

The spiritual warfare is real in Uganda. On the first day of week two, some of the Bootcamp students found themselves in a terrible situation. They were trapped and detained by some radical religious fanatics for trying to preach the Gospel. It was a potentially dangerous moment that put our whole team on edge. Daniel Wolfenbarger, the crusade director in Kampala, said that as this was going on, he received two phone calls at the exact same moment. The first call was to tell him about that situation where our students were in danger. The other call was telling him that witch doctors were on our crusade field pronouncing curses on our team!

THE DEVIL IS DEFEATED!

The Lord was gracious. Our students got out safely. And on the very field where the witch doctors were conducting their rituals, the power of God showed up!

GULU June 19 - 23

#13

Power in the Blood of Jesus

On Night Three, Evangelist Daniel Kolenda preached in the city of Gulu. Jim Leamon was one of the evangelists carrying this crusade (Jim and Kathy are a husband-and-wife team and both graduated from the CfaN Evangelism Bootcamp). Jim wrote: "Tonight, Evangelist Kolenda returned to the city of Gulu, Uganda to the exact same field he was on in 2012. This is the third night of the crusade where the crowd has grown exponentially each night. And tonight was no exception. The people began gathering hours beforehand to hear the message he would deliver. Evangelist Kolenda rewarded them with a clear Gospel message on the blood of Jesus and thousands responded to the salvation call."

Jim also reported, "A witch doctor, after witnessing the miraculous during our healing prayers, has converted. She practiced witchcraft for twelve years but experienced a profound spiritual transformation at the crusade. **For the first time since she became a witch doctor, she slept without demonic assault.** She burned her witchcraft paraphernalia tonight and declared her new faith in Christ."

This theme of "The Blood of Jesus" is something that each evangelistic team in each city preached on the third night. We all confronted the witchcraft and animism that is prevalent here. We broke curses and burned fetishes, charms, amulets, idols, and all kind of occult items.

IGANGA June 19 - 23

Crying Out to the Lord

Evangelist Gary Smith was stationed in Iganga in Week Two. He described the scene beautifully. "As we were pulling up to the field, you could feel the charge in the atmosphere! As the sun was setting, a wind suddenly began to bring much cooler air and even lightning in the distance. With the sudden change in the weather, there was also a sudden change in people's lives as Evangelist Kolenda began to pray for salvation.

Thousands of people lifted their voices in unison, repenting and asking Jesus to be Lord of their lives. This indescribable sound of people crying out to the Lord never gets old. In fact, it hits you in the heart, full of compassion, love, and awe of the goodness and mercy of God. While the people cried out to the Lord, it began to rain, but nobody was leaving. It was a beautiful symbol of new birth in the Spirit."

#15

MBALE

June 19 - 23

"Enough is Enough!"

In Mbaale, Annette shared her decade-long struggle with a malevolent spirit that disrupted her education and senses. She reported that as the witchcraft items were burned, she felt the oppressive spirit leave. Her sanity, vision, and hearing were restored. She demonstrated her recovery under Evangelist Randy Roberts' observation, as he tested her vision in front of the crowd.

Janet had been wearing a witchcraft item and, since November 2023, had been suffering from excruciating chest pain. She cried at night, and her husband said he thought that she would die. However, she had strong faith that God would heal her. She came to the crusade on the first day, despite the rain, and declared to the devil, "No, enough is enough." On the third night, she threw the witchcraft item into the barrel to be burned. While it was burning, she was rejoicing and noticed she was no longer in pain. When the evangelist, Evangelist Joshua Wagner asked who healed her, she confidently testified, "Jesus!"

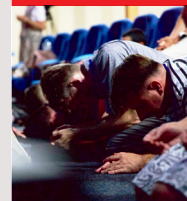

RECEIVE, GROW, GO!

It was a year of growth for CfaN's School of Evangelism (SOE) program, with schools taking place in the **USA, Germany, the UK** and **South Africa**. Part of CfaN's push to train Holy-Spirit-filled evangelists, SOE is a 6 – 8-week program that combines deep, spiritual foundational teaching with on-the-ground practical training and experience. Students spend several weeks in the classroom and conduct evangelistic outreaches from the get-go.

The last phase of the school is two weeks of concentrated outreaches and a crusade. Students learn how to organize evangelistic events, how to share the Gospel one-to-one and how to preach the Gospel effectively. Their lives are deeply impacted.

CHRIST FOR ALL NATIONS

**SCHOOL of
EVANGELISM**

USA, Orlando

August 27 - October 26

Community Connection

In Orlando, 61 passionate students conducted 166 outreaches in the community, connecting with people from diverse backgrounds and sharing the message of Christ. These efforts culminated in the Fall Harvest Family Festival on October 26, a collaborative outreach event with Nations Church.

GERMANY, Hanau

August 12 - September 15

Gospel Invasion

40 students from across Europe and beyond felt a divine calling to come, be equipped, and dedicate their lives to proclaiming the Gospel of Jesus Christ. After 4 weeks of intensive training, the SOE ended with a Gospel Invasion and 3-day crusade in the heart of Berlin, including right in front of the iconic Brandenburg Gate!

SOUTH AFRICA, Durban

August 26 - October 13

Amazing testimonies

In South Africa, CfaN pressed into a new region this year, conducting an SOE in Durban that saw 36,889 documented decisions for Christ over the course of 127 outreaches. There were many amazing testimonies, including a high-ranking leader in the Church of Satan accepting Jesus and being baptized that same night.

UNITED KINGDOM, Wolverhampton

April 29 - June 2

Breaking new Ground

We broke new ground with the first-ever School of Evangelism in the United Kingdom. At the end of their two-week Initiation period, the students collaborated with Evangelist Jay Smith to organize "Nights of Freedom", a crusade in a Birmingham city park. They led 343 people to Christ.

CfaN-Bootcamp graduate
Evangelist Jay Smith

From July 4 - 21, CfaN Bootcamp graduate Evangelist Randy Roberts conducted three crusades in the Southern African nation of Angola. CfaN's Rev. Peter Vandenberg joined Evangelist Roberts for the campaigns, teaching pastors and church leaders during the Fire Conferences. The two main campaigns took place in the cities of **Benguela and Huambo**. These went so well that Evangelist Roberts and his team took advantage of the momentum created, and within a few days had quickly organized a third campaign in the nearby town of Lobito. These are cities far from the capital in places not often visited by evangelists.

Leading their Generation

Rev. Peter Vandenberg shared:

Usually, Fire Conferences are attended mostly by the senior leaders of the church with a smaller number of younger pastors attending. In Huambo, it was to be different. On the first morning when we were greeted by many bishops, elders and pastors, what stood out immediately to us was the great number of very young pastors present. My spirit was touched before we even began, by their bright eyes, smiling faces and exuberant enthusiasm for the Gospel.

The average age of the whole nation of Angola is 15.9 years, so you can easily understand that a new and young generation is there to be reached. And here, for the next six events in the mornings, we had before us the most energetic and Spirit-driven young men and women, who were at the forefront of their own generation."

As they brought Zidane up the stairs to testify, Evangelist Roberts knew he had been set free because he was crying tears of joy. For three years, he had a constant buzzing in his left ear. Not only did it make him deaf, it tormented him 24 hours a day. It was so bad that he had become suicidal. He said that after the prayer for the sick, the buzzing instantly stopped and he could hear out of his ear again.

6 Mass Crusades in 3 Weeks
August

MORE THAN CONQUERORS!

There is nothing easy about conducting crusades in the heart of Central Africa.

Just getting our teams and equipment where they were needed was a tremendous challenge, one of the greatest we've ever faced. But despite the harsh conditions and lack of infrastructure in this deeply rural region, our dedicated team did not give up.

Pushing through against all odds, they let nothing stop them – and the result was a cascade of salvations and an explosion of miracles.

Teresa, who had a tumor in her mouth for 12 years, testified that it vanished after prayer.

No. 28-33

Democratic Republic of the Congo

6 Gospel Campaigns in 3 Weeks
August

1,230,367
documented decisions
for Jesus

Week One

In just three weeks in August, CfaN conducted six mass Gospel Crusades in the Democratic Republic of Congo. In Week One, we were in the cities of **Mbuji-Mayi and Kabinda.**

MBUJI-MAYI

July 31 - August 4

#28

Spiritual Hunger

In Mbuji-Mayi, the campaign was on the exact same field where Evangelist Reinhard Bonnke preached in 1991.

Evangelist Daniel Kolenda shared:

The atmosphere reminds me of the campaigns from twenty years ago, filled with vibrant energy from people experiencing a Gospel Campaign for the first time. In Mbuji-Mayi, we have not held a campaign in over 30 years, and with an average age of 15, an entire generation has passed.

Crowds began gathering hours before the meetings even began, a testament to the deep spiritual hunger present in these regions.

After preaching, Evangelist Kolenda prayed for the sick and many miracles followed. A remarkable number of people said they felt tumors, fibroids and lumps vanish. For example, Grace, who had been suffering from a painful mass on his left side for two years, felt the mass disappear completely.

KABINDA

July 30 - August 4

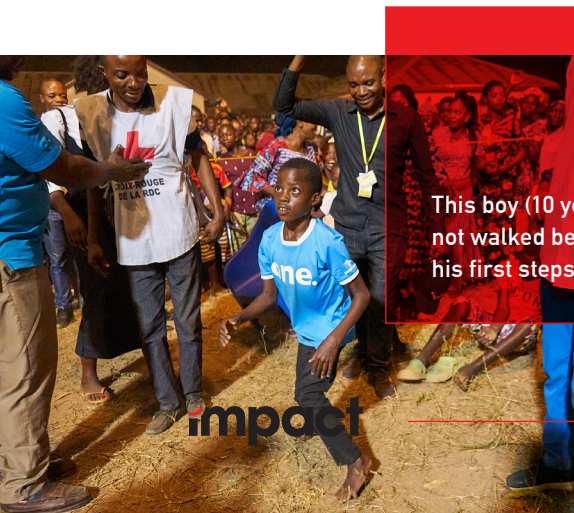

#29

A Battle Won

While Evangelist Daniel Kolenda was preaching in Mbuji-Mayi, Evangelists Manuel Reichör, Deepak Holkar, Jim Leamon and Moses Ajibade (CfaN Bootcamp graduates) were preaching in Kabinda, over 100 miles away. The situation became particularly challenging as our trucks struggled to reach their destinations. Ultimately, we had to hire local military-style transport vehicles, transferring our equipment from the damaged trucks to these vehicles, which arrived just in time for the campaign to begin.

Maluka, whose vision was impaired after an accident two years ago, saw his sight restored instantly as witchcraft items were burned on the field.

This boy (10 years old) had not walked before. He took his first steps on stage!

Week Two

In the second week, our teams conducted two more Mass Crusades, one in **Ngandajika**, and a historic "Women's Crusade" in **Mbuji-Mayi**.

MBUJI-MAYI *Women's Crusade* August 7 - 11

#30

A Historic Moment

The second week in Congo was truly ground-breaking. **History was made as Evangelist Jana Bielava became the first woman to preach the Gospel in public in Congo.** God had placed it on her heart to conduct a campaign in Central Congo, and despite initial resistance due to cultural norms against women preachers, she persisted.

We faced yet more difficulties when sudden sandstorms shut down domestic flights nationally, stranding Evangelist Kolenda in Kinshasa. But that didn't stop the campaign at all. Evangelist Jim Leamon stepped in to preach in Evangelist Kolenda's place, and thousands gave their lives to Jesus.

After three years of debilitating back pain, Bukasa received complete healing and joyfully demonstrated his newfound freedom.

NGANDAJIKA

August 7 - 11

#31

God's Provision

The Gospel Campaign in Ngandajika began with significant logistical challenges as well. Evangelist Daniel King was delayed by a day when his flight was canceled, and the truck carrying the generator was stuck in the mud an hour away from the campaign field. With no evangelist or interpreter in the city, it seemed the campaign might be postponed.

The original generator – stuck an hour away from the field – and its replacement, ready just in time for the campaign.

However, God's provision and the team's determination prevailed.

Berth (25) had a large mass in her stomach since she was ten years old and had not been able to sleep well for years. After prayer, she received her healing and slept peacefully for the first time in 15 years.

Bootcamp graduate Evangelist Jim Leamon agreed to travel to Ngadanjika, picking up the interpreter along the way. The technical team found a local company willing to lend a generator, and after using a backhoe to lift it out of a building, they had power for the lights and sound just in time.

Heritier (18) had been suffering from leg pain for nine months, requiring his father to carry him on a bicycle to the campaign. After the prayer, he was completely healed and demonstrated his newfound freedom by running and jumping on stage.

Week Three

The third and final week of our campaign in the Democratic Republic of the Congo saw crusades in the cities of Kananga and Mwene-Ditu.

#32

Jeannette (2) fell into a ditch a year ago and had been paralyzed ever since. During the campaign, her mother placed her on the ground in faith - and she started walking!

KANANGA August 14 - 18

Oasis of Peace

In Kananga, where Evangelist Nathan Morris was the lead evangelist, the first night was a sign of things to come, with the crowd already over 85,000 strong! Kananga is a place that has seen much war and violence, but the name actually means “Oasis of Peace”. That week, the Prince of Peace brought salvation, deliverance and healing to these people.

After Evangelist Nathan Morris gave the call to salvation the first night, he shared, “My heart was full as what seemed like an ocean of people raised their hands to give their lives to Jesus Christ!”

When Nseyia (60) got up on stage, the crowd went wild, because she is well known to many and had been blind in both eyes for 20 years! Tonight, God opened her eyes. The evangelist tested her sight on stage as the crowd roared with joy.

MWENE-DITU

August 14 - 18

Joyful Welcome

The town of Mwene-Ditu had never had an international Gospel Crusade there before. Our team was welcomed with huge joy and thanksgiving by the local churches. The crowd grew daily, with over 50,000 people attending a single meeting. On Night Four – Holy Spirit Night – Evangelist Rubens Cunha shared:

“Following the healing prayers, I invited the Holy Spirit to fill everyone present. The response was electric – demons manifested and were cast out, numerous people received their healing, and many spoke in new tongues for the first time. It was a powerful sight to behold!”

#33

Evangelist Rubens Cunha shared a striking testimony. Yerro, deaf and mute since birth, received her hearing and began learning to speak. She repeated words on stage, leaving the crowd in awe of God's power.

Penyela had tumors in both arms for 8 years. The tumors caused swelling and intense pain which prevented her from doing household tasks like cooking or cleaning. After prayer, the tumors disappeared, a fact confirmed by a childhood friend who testified to her healing.

Uganda

Jesus said,
"Whoever welcomes one
such child welcomes me"

(Matthew 18:5)

In 2024, CfaN-affiliated evangelists went into all the world and welcomed **4,401,892 children** into the Kingdom of God! This amazing number was reached by multiple teams going out under the leadership of Jako and Karin Hugo, doing 15,234 youth crusades. This arm of the ministry has exploded over the past few years and continues to grow!

Jako shared:

25 youth crusade directors have been appointed for 2025, leading youth campaign teams in 25 countries around the world. The vision is to see millions of young people receive Jesus as their Lord and Saviour, receiving follow up material, to fulfill Evangelist Kolenda's Decade of Double Harvest vision.

9 Mass Crusades
October

UNDER AN OPEN HEAVEN

In October in Ethiopia, the heavens opened – spiritually and literally! Despite unexpected rainstorms (October is supposed to be the dry season in Ethiopia), every meeting took place as planned. The Gospel was preached, come rain or shine, bringing thousands to Jesus. In the first two weeks, Evangelist Daniel Kolenda preached in four cities, supported by CfaN Bootcamp graduates in each location. The result was a heavenly outpouring of salvation, healing and deliverance in abundance! These are some highlights from the first four crusades.

City-wide Revival

In Hawassa, where Evangelist Kolenda preached the first two nights, the campaign started relatively small. But word quickly spread about the wonders God was doing. On the second night, the crowd had doubled. By the final meeting, **over 120,000 people were gathered.** That final night felt less like an ending and more like the beginning of city-wide revival. As Evangelist Gary Smith (who was trained by Evangelist Daniel Kolenda) took the stage, even the streets were flooded with people. Cars could barely make their way down the road through the throngs of worshippers. During the invitation to receive Christ, hands rose like a field of wheat ready for harvest.

When Evangelist Gary Smith prayed for the sick, Deme could suddenly bend his knees for the first time in seven years.

Betel, who struggled with asthma for 17 years, is now breathing freely for the first time.

A young boy who had been unable to smell for five years suddenly regained his sense of smell.

This man, injured in a motorbike accident, was healed of neck pain that had plagued him for seven years.

#38

DILLA October 3 - 6

Breakthrough!

For the first two nights in Dilla, we faced the challenge of torrential rain that turned the campaign field into a muddy quagmire. Attendance was thin. **But on Saturday, praying fervently, we saw a breakthrough!** The clouds parted like a curtain over the town, and despite the mud, people came hungry and expectant. The crowd was ten times larger than the previous night, and the atmosphere was electric. Evangelist Daniel Kolenda preached the Gospel with all his heart and thousands made the decision to follow Christ.

Bereket, born deaf in her left ear, stood on stage in tears as she heard out of that ear for the first time.

Ephraem, who had suffered three years of pain and limited movement in his left arm was healed. He dropped to the ground and did push-ups on stage, grinning the whole time.

Delube, who had leg pain from a motorcycle accident four years ago, was also healed – squatting without pain.

SODO

October 10 - 13

Every Knee Bowed

The first night in Sodo, Evangelist Kolenda witnessed something he had never experienced before. As he preached, he spoke about the promise in Philippians 2:10 – that at the name of Jesus, every knee will bow and every tongue will confess that Jesus Christ is Lord. Then, something remarkable happened. **Without any prompting from Evangelist Kolenda, the crowd began to kneel in the dirt, lifting their hands and spontaneously calling on the name of Jesus.** He knelt with them, waiting for the moment to pass so he could continue, but they had no intention of stopping. Their cries to the Lord grew even more fervent, many of them weeping, pouring out their hearts in raw, genuine surrender. Finally, with all of us still on our knees before the King of Kings, Evangelist Kolenda led them in a prayer of salvation.

On Saturday, as Evangelist Joe Turnbull prayed for the Holy Spirit to move, a young boy near the front, crying out to the Lord, suddenly collapsed. When he stood, the infected leg he had battled for two years was completely healed. Overwhelmed, he ran to the stage with his sister, both in awe of what the Lord had done.

A soldier named Ephrium had been shot in the foot and endured constant pain, especially in cold weather. But after prayer, the pain vanished. To the crowd's amazement, he sprinted across the stage, joyfully testing his restored foot.

HOSANNA

October 10 - 13

Standing Together

Evangelist Daniel Kolenda finished the week in Hosanna beneath a heavy, brooding sky. Soaking rain turned the field into thick mud. It seemed unlikely that anyone would come. But when the team arrived, the view was stunning. Thousands of colorful umbrellas crowded the entrance – and even more people held up chairs or blankets for cover. They were soaked to the bone, trembling, huddled together for warmth. But they stayed, waiting patiently for the service to start.

Evangelist Kolenda grabbed a raincoat and climbed onto the platform. Mic in hand, he looked over the drenched crowd and commended their faith. “Heaven sees you,” he told them, “And more than just rain – showers of blessing – are coming.” Then, in one motion, he ripped off the raincoat, tearing it in two and tossing it to the wind. **“If you will stand in the rain,” he shouted, “I will stand with you!”**

The crowd erupted, their cheer rolling like thunder over the field. In that moment, something shifted. An unspoken agreement settled over the field: rain or not, no one was leaving.

In Evangelist Kolenda's words:

I dove straight into the Gospel message, trimming it on the fly to be mindful of the conditions. A few minutes in, I glanced back and caught sight of the entire CfaN team – many dressed in suits and ties – standing at the back of the stage, fully exposed to the cold rain, without a single umbrella. They could have waited under cover, but instead, they chose to stand in the downpour as a silent declaration of solidarity. That image struck me deeply. Despite the freezing rain, a warmth spread through my heart – we were all in this together.

In Hosanna, for some reason, testimonies had been slow throughout the week, but a breakthrough was near. As the Spirit moved, Evangelist Kolenda noticed an older woman in the crowd pressing her hands to her ears, praying earnestly. The Holy Spirit stirred him, and he pointed to her, commanding her ears to open in Jesus' name. Instantly, she began waving her arms – something miraculous was unfolding.

She pushed through the crowd toward the front. Taking her hand, Evangelist Kolenda led her onto the platform and asked what happened. This woman had traveled into town just for the campaign.

Deaf in both ears for seven years, she said the moment he pointed at her, her ears popped open – she could hear!

She danced and jumped across the platform, overcome with unrestrained joy.

JESUS CHANGES LIVES! #44

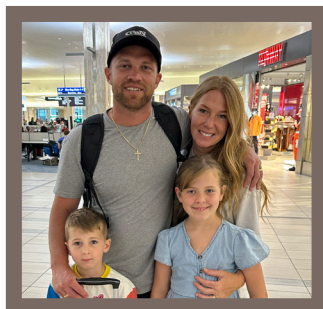

In New Port Richey (Pasco County, Florida) CfaN-Bootcamp graduate Evangelist Joe Turnbull led a team of six Evangelism Alliance members, collaborating with over 35 local churches to prepare the ground for a spiritual harvest. In a city with a population of approximately 50,000, the event attracted over 9,000 attendees!

This woman had neck pain from a cancerous tumor in her neck which really decreased her mobility. She felt the power of God touch her, had no more pain and could fully turn her head, bend over and dance.

Evangelist Turnbull organized this crusade in his hometown - the very place he once sold drugs before Jesus saved him. What a powerful testimony, to go from that to holding the biggest Christian event the town has ever had! The event featured performances by Christian hip-hop artists Zauntree and D28, and worship led by Kim Walker-Smith from Jesus Culture and Bailey Redmond with Nations Music.

Evangelist Turnbull with his wife, Christa, leaving for a ministry trip together

One of the most touching testimonies came from a local pastor who shared that beyond the salvations, he witnessed two people reconcile a broken relationship after years of estrangement. He expressed joy, noting, "I tried for years to get them in the same room, and it never happened." Jesus changes lives!

Fire Camps

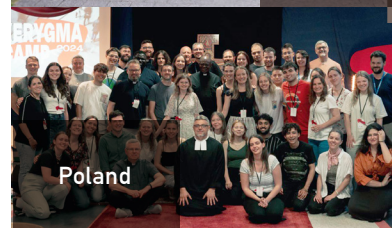

In 2024, CfaN hosted 45 Fire Camps in 22 countries around the world, with over 2,800 people attending. The goal of Fire Camps is to set people free in their identity in Christ, and to equip them for evangelism. For roughly one week, people of all ages come together to focus on their relationship with Jesus and learn how to share the Gospel effectively.

CfaN-trained evangelists lead the camps, laying a solid foundation of biblical teaching and discipleship, and mentoring the budding evangelists who attend. Every day includes plenty of time soaking in the Lord's presence, worshipping and praying. The focus is 100% on Jesus, who we are in Christ, and how we can fulfill the Great Commission.

Attendees are given clear, practical lessons in how to communicate the Gospel in a variety of situations and with different tools. These lessons are then put into practice as they share the Gospel in outreaches during the camps. Thousands have come to know Jesus directly through the Fire Camps – and many attendees have already gone on to take part in overseas missions or have furthered their evangelism training by going to a School of Evangelism or Evangelism Bootcamp.

Another powerful aspect of Fire Camps is relationship-building. Spending time with others who feel the same calling to preach the Gospel is an affirming, encouraging experience, and many come away with friendships that last and co-workers to evangelize with, confident that they are truly part of God's family.

There will be many more Fire Camps worldwide in 2025!

Mass Crusade
November 6-10

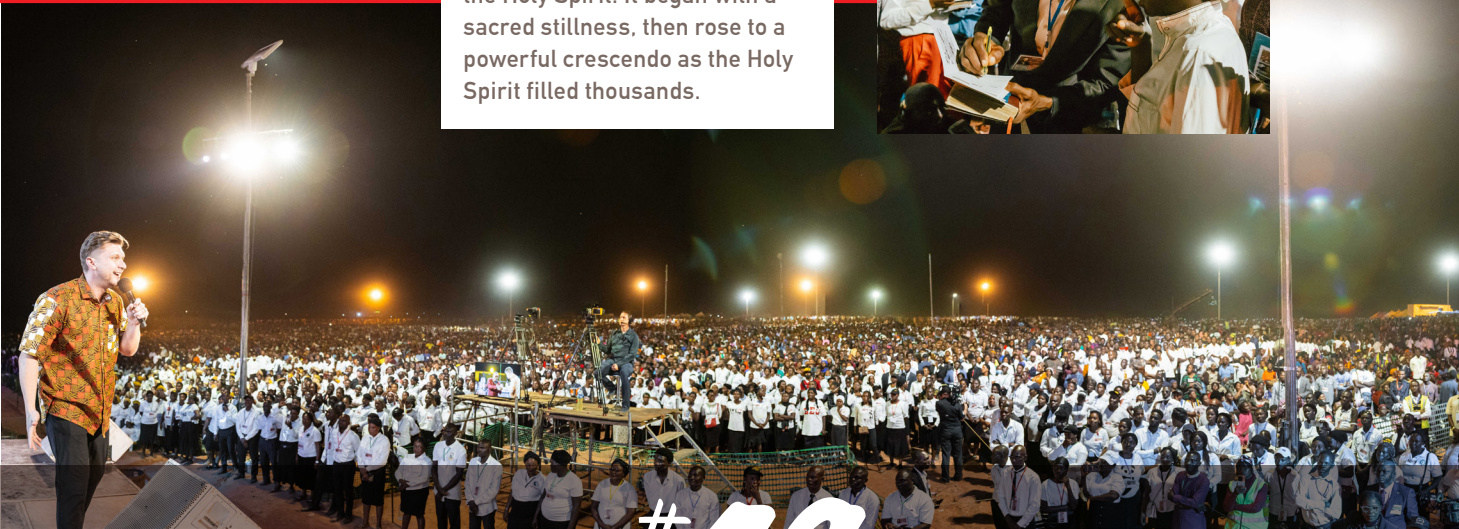

300,000+*

documented decisions

for Jesus

After preaching the Gospel, Evangelist Kolenda prayed for the people to be filled with the Holy Spirit. It began with a sacred stillness, then rose to a powerful crescendo as the Holy Spirit filled thousands.

#49

From the first night of CfaN's 49th crusade of the year in Nigeria's capital city, the crowd was massive, and the energy in the air was electrifying. The field surged like a living, breathing organism, filled with hundreds of thousands of people whose faith and hunger for God were palpable. With great confidence, Evangelist Kolenda assured them that the miracles God would work this week would echo through generations, with their children and grandchildren still speaking of His wonders here.

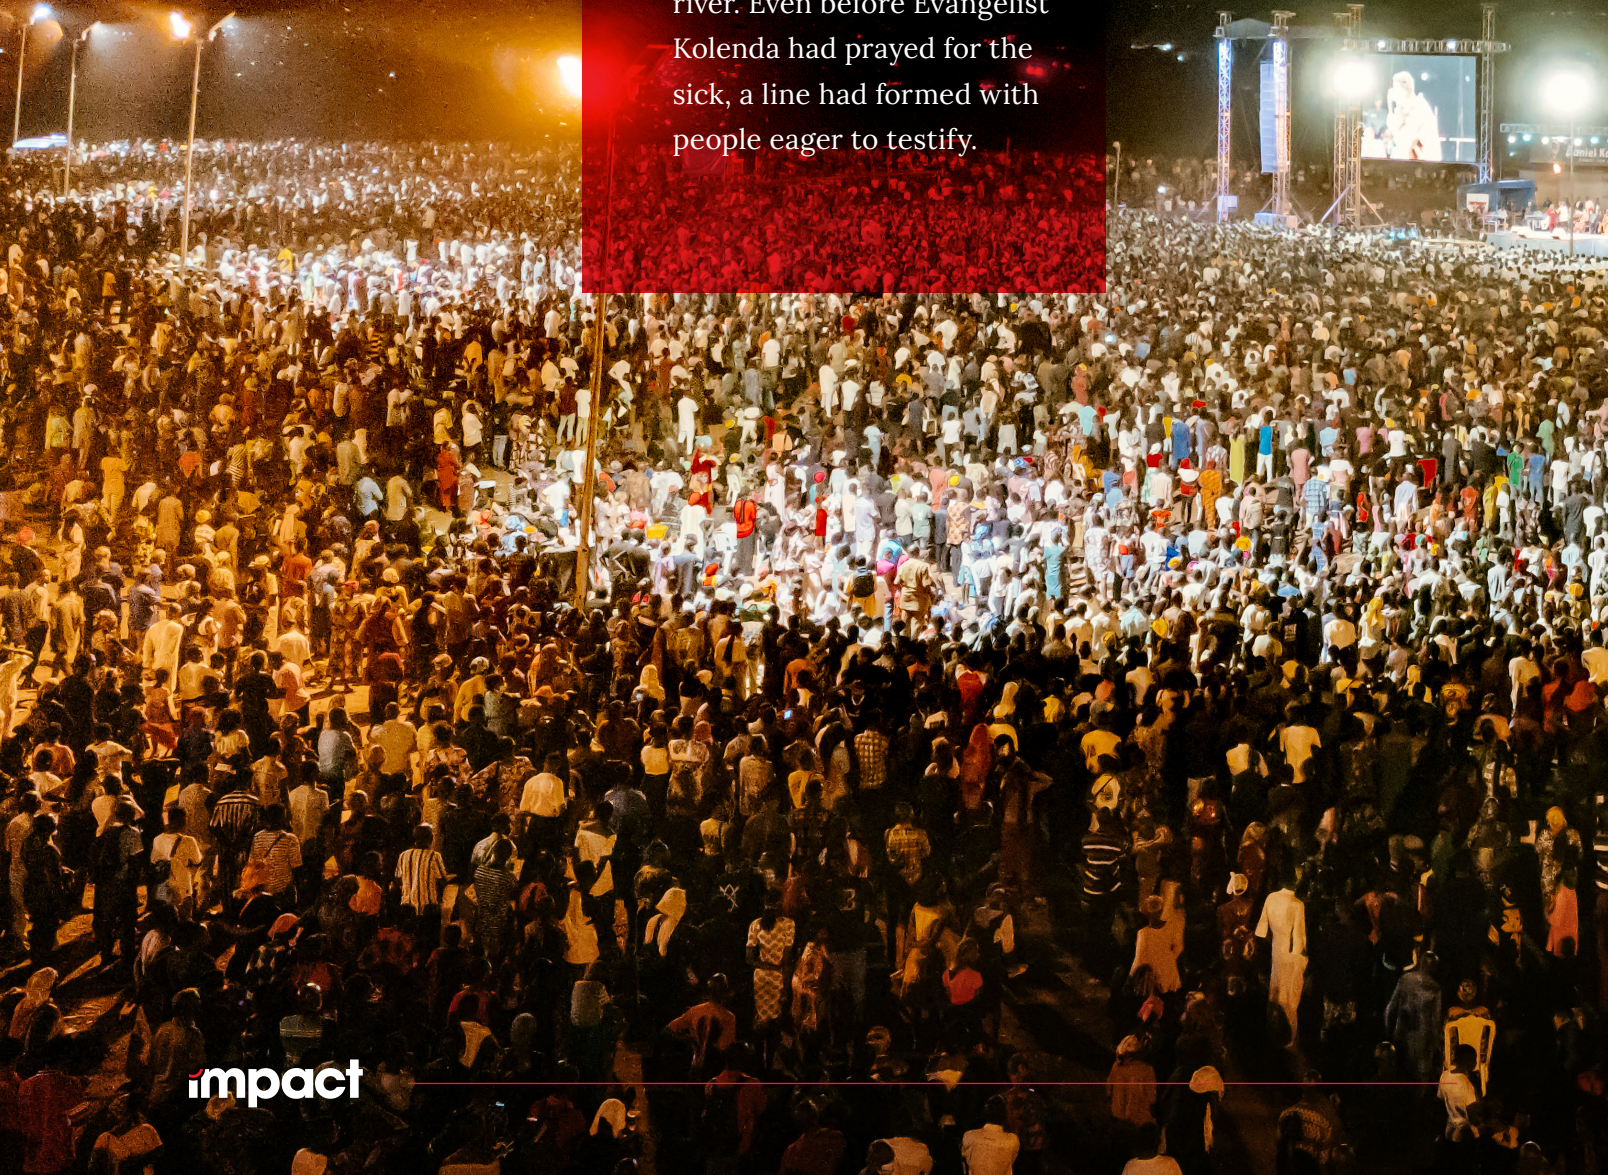

Unwana, who had endured multiple painful breast tumors for 15 years, reported that after the prayer, **every tumor disappeared**. Her husband stood beside her, confirming her testimony.

**decision count ongoing at time of print*

On the second night, it felt as if the entire city was present – people stretched as far as the eye could see. Their faith draws on the power of God, putting a demand on it, and heaven responded in magnificent ways. Tens of thousands surrendered to Jesus and miracles began flowing like a river. Even before Evangelist Kolenda had prayed for the sick, a line had formed with people eager to testify.

After Evangelist Kolenda preached the Gospel and prayed for the sick, a young woman named Balkisu came forward to share her testimony. A Muslim from a nearby town, she had **suffered from stomach ulcers for ten years**. Hearing about the miracles happening here, she came to see for herself. She testified that as Evangelist Kolenda prayed, she felt **something leave her body, and the pain that had plagued her for a decade vanished in an instant**.

He asked her if she knew the name of the one who had healed her, and she answered, "God." He turned to the crowd and invited them to shout the name of the Healer – and with a sound like thunder, the crowd roared, "JESUS!" Balkisu surrendered her life to Jesus that night – along with tens of thousands of others – the greatest miracle of all!

One mother brought her teenage son and shared a heartwarming story. Fifteen years ago, during Evangelist Kolenda's last visit to Abuja, she had been barren and praying for a child. After receiving prayer, she conceived and gave birth to a boy she named Kolenda. She stood on stage with her son, a living testimony to God's faithfulness.

"I am the one who was healed!"

During the testimony time on Night Four, a woman stepped forward. Evangelist Kolenda shared:

I immediately recognized her face. Then she spoke: "I am the one who was healed 14 years ago..." Suddenly, the memory came flooding back, and believe it or not, I even remembered her name!

When we came to Karu in 2010, Placida had been crippled for seven years, enduring multiple surgeries. After her fifth surgery, she was left paralyzed due to spinal cord damage. But during the prayer for the sick, the power of God touched her. She threw down her crutches and walked perfectly!

I'll never forget that moment back in 2010. While she was sharing her testimony on stage, her sister burst through the crowd and ran to embrace her, and together they wept tears of joy.

Now that same woman stood before me once more, her sister beside her. She remains completely healed and has never suffered from that affliction again. Hallelujah!

Stella came to the crusade with her uncle. Two years ago, a terrible accident left her with broken legs, forcing her to use crutches. Despite multiple surgeries, the pain had never left. But tonight, Jesus healed her!

Stella walked before the crowd, showing her healing as I tossed her crutches aside. All glory to God!

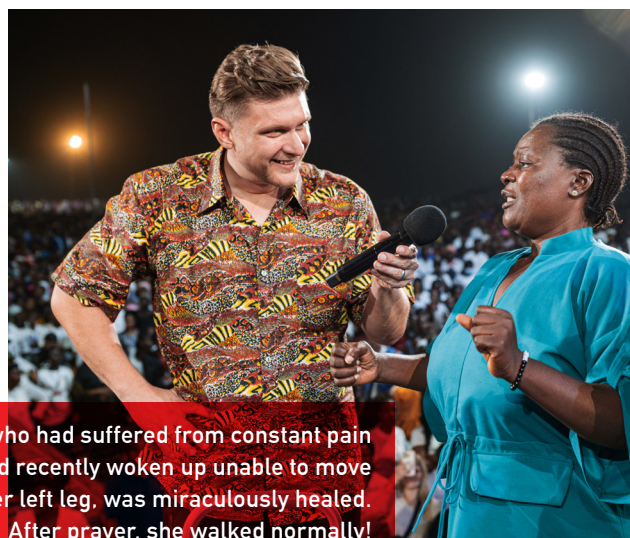

Do you want to see the night Placida was so gloriously and completely healed 14 years ago? Use this QR code to watch the 2010 footage of that night!

Dorothy shared a remarkable story – she had a dream about attending a program like this where she would be healed. She had a painful growth on her back and even brought a photo as proof. But during the prayer as she bent over, **the pain vanished, and the tumor disappeared** – she can no longer feel it! Jesus has healed her!

Papa Clement endured a painful ulcer on his back and severe body pain for 20 years. When he heard CfaN was coming to Nigeria, he immediately planned to attend, praying earnestly for healing. The moment he stepped onto the campaign field, the Lord healed him completely!

Mary, who had suffered from constant pain and had recently woken up unable to move her left leg, was miraculously healed. After prayer, she walked normally! With tears streaming down her face, she lifted her walker and came forward to testify. Her sister confirmed the miracle, affirming it was all true. Mary walked before the crowd, proving once again that Jesus is the healer!

November 22 - 23

A PROPHETIC MOMENT

#50

From Cape Town... to Cairo!

This historic year ended with a most unusual and special event – Evangelist Daniel Kolenda preached the Gospel in Cairo, Egypt. It was more than an event. It was a step of faith, seizing hold of the prophetic.

Christ for all Nations began with a dream. Back in 1974, Evangelist Reinhard Bonnke, then a struggling missionary in southern Africa, had a prophetic dream in which he saw a map of Africa, washed in the blood of Jesus. He heard a voice declare, “From Cape Town to Cairo, Africa shall be saved.”

This year, we felt a divine invitation to press into God’s promises. Preaching the Gospel publicly in Cairo was certainly bold!

Making History

As we pulled onto the field, it felt like stepping into a moment of history. The field was packed, but the atmosphere was unlike anything we're used to. The crowd was reserved, quiet, respectful. Part of that is cultural, but part of it is the sheer novelty of this event – something unheard of in this part of the world. In a nation where more than 90% of the population is Muslim, preaching the Gospel openly isn't just rare; it's usually forbidden.

For the first time in Evangelist Kolenda's ministry, he preached on a campaign field where a Muslim minaret literally loomed overhead. The call to prayer echoed across the crowd as the service continued. All around were houses and apartment complexes, inhabited by Muslim families, so close we could see into their windows. And yet, the Gospel rang out, loud and unmistakable. Some people sat on their balconies, listening intently.

Jesus moved in Power

When Evangelist Kolenda gave the call for salvation, the response was so overwhelming we nearly had a stampede. Then he prayed for the sick, and Jesus moved in power. Miracles happened, undeniable and wonderful. Some were too afraid to testify publicly, but nothing could stop Jesus from saving and healing.

Though many countries in Northern Africa are closed to the Gospel, Reinhard Bonnke felt a deep assurance from the Holy Spirit that a move of God would come that would open the way for the Gospel to penetrate even the most resistant places. As we ended 2024, we felt we were standing at the edge of that prophecy being fulfilled.

MULTI-CITY FIRE CONFERENCE

BRAZIL 2024 **May 30th - June 1st, 2024**

From May 30th to June 1st, 2024, almost 7,000 people gathered simultaneously in three different cities in Brazil: São Paulo, Curitiba, and Marília. It was one of the most complex and challenging Fire Conferences our Brazilian office has ever organized, but it was also the most remarkable to date!

Evangelist Daniel Kolenda was joined by Todd White, Heidi Baker, Cindy Jacobs, Eric Gilmour, Luciano Subira, Teo Hayashi, Luiz Hermínio, and Demetria Stallings. They all rotated through all three cities and brought a powerful and seasoned word that impacted thousands of lives. From the very first night, the presence of God was so tangible; it was like a corporate anointing that simultaneously united all three places as one . . . it was awesome! Every worship session, led by the country's most influential and anointed worship leaders, was like heaven on earth: the crowd sang and worshiped with all their soul and might! It was Holy Spirit FIRE!

This multi-city Fire Conference aimed to reach the entirety of Brazil. São Paulo city hosted people from the southeast, north, and northeast of Brazil, while Curitiba hosted people from the south. Marília attracted people from the inner region of Brazil, a place where millions of people live but are often ignored by international conference tours . . . but not this time!

The CfaN Brazil office has received and answered hundreds of messages and testimonies from people who were delivered, healed, and had their ministries restored during this Fire Conference. Brazil will never be the same again! What the Lord has planted over these three powerful days in these three cities will remain and bring much fruit and revival wherever these people go.
